

CAPT O’SULLIVAN - CAREER DEVELOPMENT BOARDS INTERVIEW: WHERE TO START

- 1) Profile sheet and goals
- 2) Discuss personal, operational & professional goals. Reminder CDBs is a tool and not just about getting promoted. It is an opportunity to get to know the officer.
- 3) Create a timeline for date of rank, current zone, next FITREP, and future promotion board date
 - a) Propose next steps for positions that will help promotion

FY You Are In-Zone	Date of Rank		Selection Board Convenes			Last Periodic FITREP Before Board		
			O4	O5	O6	O4	O5	O6
N/A	Before 10/1/19		You were either already in-zone during a previous board or were not considered for promotion because you did not have 1 year of active-duty time.					
26	10/1/19	9/30/20	MAY 25	MAY 25	FEB 25	JAN 25	OCT 24	APR 24
27	10/1/20	9/30/21	MAY 26	MAY 26	FEB 26	JAN 26	OCT 25	APR 25
28	10/1/21	9/30/22	MAY 27	MAY 27	FEB 27	JAN 27	OCT 26	APR 26
29	10/1/22	9/30/23	MAY 28	MAY 28	FEB 28	JAN 28	OCT 27	APR 27
30	10/1/23	9/30/24	MAY 29	MAY 29	FEB 29	JAN 29	OCT 28	APR 28
31	10/1/24	9/30/25	MAY 30	MAY 30	FEB 30	JAN 30	OCT 29	APR 29

For example, if your date of rank for CDR was 9/1/20, which is between 10/1/19 and 9/30/20, you will be in-zone for CAPT in Fiscal Year 2026 (FY26). The board meets in FEB 2025 and your last FITREP before the board was in APR 2024 (unless you have change of command or concurrent FITREPs).

On the fly CDBs: Draw out on a piece of paper the information below and mark selection boards, last Fitreps before the boards, and when they would pin on along with PRD. This is a good way to map out transition’s times such as garrison to operational moves or more senior leadership position transitions. Provide to the member.

4) Current Leadership/Educational/Professional Background

- Review Bio
 - Review for redundancy, spelling or grammatical errors, professional picture
- Review CV
 - Like FITREPs but more condensed
 - Consider promoting an academic CV vs other types of CV
 - Eliminate old or irrelevant CV bullets

5) Career Progression - Recent MC Career Progression Slide: Print out, use, and provide to the member (Mark Prior Jobs in Black; Future Jobs in Right → Moving to the right like a FITREP)!

Medical Corps Career Pathway

Intent: The Navy Medical Corps Officer career path will deliberately develop the clinical, operational, and leadership skillsets required to lead Navy Medicine in positions of progressively increasing scope and responsibility.
Expectations: Officers who are competitive for promotion will have accrued both the operational and clinical experience necessary to serve in billets that are commensurate with the next rank.

Operational Medical Officer (OMO) tours are central to career progression and the development of operational competency. **Junior and Senior OMO Billets** will typically have a reporting senior below the flag level. Experience in either billet is essential for preparing medical officers to serve as Executive OMOs. Deployments/prior service are alternative ways to accrue experience. **Executive OMO Billets** are positions with strategic responsibility including the operations of subordinate OMO units and typically report to a Flag Officer. They have leadership responsibilities and cognitive oversight of junior physicians. **Senior Executive Medical Officers** are selected by the Medical Corps Chief's Office.
